

Alcohol Effects Transparency Chart– BA030

Description	<p>◆ The Alcohol Effects Transparency allows educators to use an overhead projector to explain the harmful effects of alcohol consumption. The transparency sheet is a great addition to a drug awareness and prevention course.</p>
Details	<p>1. Dimension: A4 Size</p>
Image	 <p>The image is a transparency chart titled "ALCOHOL" in large blue letters at the top. It features a central photograph of a man in a grey t-shirt and blue jeans, holding a can of alcohol in his right hand and a tray with two more cans in his left. Various parts of his body are highlighted with colored boxes and lines pointing to a list of harmful effects on the right side. The effects listed are:</p> <ul style="list-style-type: none"> BRAIN DAMAGE ADDICTION & STROKE (pointing to the brain) BLURRED VISION (pointing to the eyes) SLURRED SPEECH (pointing to the mouth) BLEEDING THROAT (pointing to the throat) BREATHING MAY STOP (pointing to the lungs) HEART DISEASE IRREGULAR HEART BEAT (pointing to the heart) STOMACH ULCERS (pointing to the stomach) LIVER DISEASE LIVER FAILURE (pointing to the liver) MUSCLE WEAKNESS (pointing to the arm muscles) INTESTINAL CANCER (pointing to the intestines) INTESTINAL ULCERS (pointing to the lower intestines) IMPOTENCE (MEN) & INFERTILITY (WOMEN) (pointing to the reproductive organs) OSTEOPOROSIS (pointing to a leg bone) <p>A watermark "www.alpha.com" is visible across the middle of the image.</p>
