

Effect of Steroids Chart– BA067

<p>Description</p>	<p>◆ The Effects of Steroids Poster shows and explains the different health related issues steroids can cause. It uses anatomical illustrations of the vital organs to show the different illnesses smoking causes to them. Long-term smoking can cause varied types of cancer, heart attack, kidney damage, and many other serious medical problems. This is a great reference tool in any education or health related facility.</p>
