

Kid's Digestive & Blood Circulation Chart – BA116

<p>Description</p>	<p>◆ Bruce Algra's Digestion and Blood Circulation Anatomy Poster is a colorful, easy read, and educational poster illustrating two human body systems. How food is digested is presented on the left hand side, and the heart and blood circulation is displayed on the right hand side. This is an excellent anatomy poster for children learning the human body. A great guide for any classroom, or basic health education facility.</p>
<p>Details</p>	<ol style="list-style-type: none"> 1. Dimension: 17" x 22" 2. Material: gloss paper laminated with clear polyester both sides
<p>Image</p>	 <p>The image is a two-part anatomical chart for children. The left part, titled "How Food Is Digested", shows a child's torso with internal organs highlighted in color and numbered 1 through 9. The right part, titled "The Heart & Blood Circulation", shows a child's torso and limbs with the circulatory system highlighted in red (arteries) and blue (veins), numbered 1 through 11. A legend at the top right of the right chart defines "Artery" as carrying blood away from the heart and "Vein" as carrying blood toward the heart.</p> <p>How Food Is Digested Labels:</p> <ul style="list-style-type: none"> 1 Mouth 2 Esophagus 3 Liver 4 Gall Bladder 5 Large Intestine 6 Stomach 7 Pancreas 8 Small Intestine 9 Rectum <p>The Heart & Blood Circulation Labels:</p> <ul style="list-style-type: none"> 1 Carotid Artery 2 Aorta 3 Pulmonary Artery 4 Heart 5 Aorta 6 Femoral Artery 7 Jugular Vein 8 Vena Cava 9 Heart 10 Vena Cava 11 Femoral Vein
