

Skeletal System Chart – DG005

<p>Description</p>	<ul style="list-style-type: none"> ◆ Laminated Scientific Anatomy Poster Chart ◆ Painstakingly researched and executed by today's top medical illustrators. Up-to-date, with a fresh, consistent style and contemporary look. Full-coverage 1.5 mil lamination with sealed edges • virtually impervious to moisture
<p>Details</p>	<ol style="list-style-type: none"> 1. Dimension: 22" x 28" 2. Material: gloss paper laminated with clear polyester both sides
<p>Image</p>	 <p>The image is a detailed anatomical chart titled "Skeletal System". It features two main views of the human skeleton: an anterior view on the left and a posterior view on the right. Between these views is a vertical column of the spine. Surrounding the main views are several smaller diagrams: "Compact Bone" (showing a cross-section of a long bone), "Common Names of Bones" (a list of bones with their common names), "Bones and Ligaments of the Right Foot" (showing the foot's structure), "Cranial Plates" and "Malleus" (showing the ear bones), and "Cross Section of the Femur" (showing the internal structure of the thigh bone). The chart is filled with numerous labels for individual bones and structures.</p>
