<p>Details</p>	<ol style="list-style-type: none"> 1. Dimension: 22" x 28" 2. Material: gloss paper laminated with clear polyester both sides
<p>Image</p>	 <p>The image is a detailed anatomical poster titled "Understanding the Shoulder & Elbow". It features a central illustration of a human arm from the shoulder down to the hand. Surrounding this central image are several smaller diagrams and text boxes. On the left, there are diagrams of the shoulder joint from different perspectives, including a cross-section showing the humeral head in the glenoid fossa. Below these are diagrams of the elbow joint, showing the articulation between the humerus, radius, and ulna. On the right, there are more diagrams of the shoulder and elbow, including one showing the shoulder girdle (scapula and clavicle) and another showing the elbow joint from a different angle. At the bottom, there are three diagrams illustrating the acromioclavicular (AC) joint, showing the articulation between the acromion of the scapula and the clavicle. The poster includes numerous labels for bones, muscles, and ligaments, and is designed to be educational and informative for fitness professionals and students.</p>
