<p>Details</p>	<ol style="list-style-type: none"> 1. Dimension: 22" x 28" 2. Material: gloss paper laminated with clear polyester both sides
<p>Image</p>	 <p>The chart, titled "Understanding the Foot & Ankle", provides a comprehensive anatomical overview. It features several key illustrations: <ul style="list-style-type: none"> Top Left: A small figure of a human body with the foot highlighted, and a detailed view of the ankle joint labeled "The foot and ankle". Center: Two large, detailed anatomical drawings of the foot and ankle. The left one shows the medial view (inner side), and the right one shows the lateral view (outer side), both with muscles and ligaments clearly depicted. Bottom Left: A section titled "Bones of the ankle and foot" showing the distal tibia and fibula, and the tarsals, metatarsals, and phalanges from both anterior and posterior perspectives. Bottom Center: A section titled "Ligaments and tendons of the ankle and foot" showing the complex network of connective tissues. Bottom Right: A section titled "Bones and Ligaments of the Right Foot (Plaster view)" showing the skeletal structure of the foot with numbered labels for individual bones and ligaments. Bottom Far Right: Two smaller diagrams labeled "Lateral view" and "Medial view" showing the foot's profile from the side. </p>
