

Tanita Digital Physicians Scale (WB-3000) – FE048

<p>Description</p>	<ul style="list-style-type: none"> ◆ Tanita's WB-3000 digital beam scale is ideally suited for various professional markets (which include medical and fitness), and remains the perfect replacement for the old mechanical balance beam scale. The scale features an automatic body mass index (BMI) calculation and RS-232 and USB outputs to capture patient data to an external device. The incredibly durable, yet portable, unit can be easily broken down into three modules – the display, the platform (which houses the load cell), and the pillar – and is equipped with casters for easy mobility. The WB-300 physician scale also features a mechanical height rod, allowing patients height to be taken the same time as weight. The portability a much better option than standard beam scales. The WB-3000 represents a true professional grade scale for years of uninterrupted operation. ◆ Display:2-line LCD ◆ Mechanical height rod: 25" – 84" (0.25"increments)64-214cm (0.5cm increments) ◆ Casters for easy mobility ◆ RS-232 and USB type B computer interface ◆ Mechanical height rod ◆ Automatic BMI calculation ◆ Auto"on"feature
<p>Details</p>	<ol style="list-style-type: none"> 1. Model: Tanita WB-3000 2. Method of Measurement: Mechanical Height Rod, BMI 3. Max. Capacity: 440lb (200kg) 4. Graduation: 0.2lb (0.1kg) 5. Computer Interface: RS-232 and USB Type B 6. Platform Dimensions: 15" x 15" x 2" 7. Unit Weight: 25.3lb 8. Power Supply: 4X AA(included), AC Adapter (included)
