

ROGUE URETHANE PLATES (LBS)

<p>Description</p>	<ul style="list-style-type: none"> ◆ Rogue’s color-coded Urethane LB Bumpers are molded from top quality, high durometer urethane—ideal for producing a consistent dead bounce on the drop and maintaining the long-term integrity of the plate. The design of the single-piece, 140MM hard chrome insert also allows for easy loading on the bar with reduced friction on the sleeves. For a combination of performance and durability, few bumpers in the industry can rival these. ◆ Rogue Urethane Plates are sold in pairs or in full sets, and include weight increments of 10LB, 25LB, 35LB, 45LB, and 55LB. Each plate includes original Rogue branding in black with numerical weight callouts in gray. All marking are color-molded into the bumper for a great look that won’t fade over time. ◆ The 10LB plates are not to be used alone for workouts where the barbell is repeatedly dropped and are not warranted against cracking or breakage. ◆ On the black 10LB plate, both the lettering and numbering are gray.
<p>Specifications</p>	<ul style="list-style-type: none"> ✓ Made from quality Urethane for durability and a dead bounce ✓ Diameter: 450MM (IWF Standard) ✓ 140MM Hard Chrome Insert ✓ Color-molded Rogue Branding ✓ Weight Tolerance: +/- 1% ✓ Durometer: 90
<p>Weight</p>	<p>10LB (Black): 20MM 25LB (Green): 40MM 35LB (Yellow): 48MM 45LB (Blue): 53MM 55LB (Red): 58MM</p>
